

11TH ANNUAL PRO PLAYERS CLASSIC GOLF INVITATIONAL

The Pro Players Classic was created in 1998 to be a conduit for educational scholarships and other needed assistance to underprivileged indigenous youth in the greater Phoenix area.

The success of the program to date is due to the commitment of many past and current board members, celebrities, scores of volunteers, our loyal sponsors and the immeasurable assistance of the community. **MISSION STATEMENT:** The Pro Players Classic considers the quality of life in any community to be essential. The quality of life is enhanced through the positive use of an individual's potential. Today's underprivileged indigenous youth have the right to grow and prosper in a supportive environment, free of prejudice, crime, and poverty. Therefore, the Pro Players Classic commits its efforts and resources to assist underprivileged indigenous youth in achieving these goals.

CHARTER: To enhance the lives and enrich the future of underprivileged indigenous youth: through personal commitment and financial support for education, health, life skills and fitness programs. **RESULTS TO DATE:** Kidstar, a radio station, was built on the Pima-Maricopa Indian Reservation inside the Boys and Girls Club and is live and broadcasting today and \$10,000.00 was given in 2007 for new sports programs. \$50,000 has been committed to the YMCA being created in Carefree, AZ, payments began in 2006. The Pro Players Classic continues to support over 35 major charities listed on its website;

www.PROPLAYERSCLASSIC.com.
